How do I disconnect the PV200/210 when a fault has occurred?

Note: Appropriate PPE, including arc flash protection, must be worn at all times when using the PV200/210.

The PV200/210 can be used to test the PV system for faults. If a fault is detected, the PV system will be disconnected and the fault will be indicated on the display. The PV system will continue to flow a
